

# WELCOME TO THIRD GRADE

June 18, 2021

Dear Students and Parents,

Welcome to THIRD GRADE! We are very excited about the upcoming school year. We have put together a supply list to help students be prepared. This supply list can be found on the back of this sheet. These specific supplies will help students stay organized throughout the year. Also, storage space is limited in the classroom. We ask that students bring in only the quantity specified on the list. If needed we will send home notes asking for more supplies during the school year. We are looking forward to a wonderful year! See you in September!

Sincerely,

Grade 3 Teachers
